### January 2018 Intersession Billing Information and Tuition Liability Policy

- Charges will be posted on November 21, 2017.
- Payment for Intersession charges is due on December 20, 2017 (No payment plans are available). **Students who miss the payment deadline or have not secured financial aid for Intersession will be dropped from their Intersession units.**
- If you request a federal loan through the Financial Aid Office for intersession expenses, please note you must be enrolled at least half-time for the combined intersession and Spring terms. Students only enrolled in intersession do not qualify for federal financial aid. If you qualify for federal aid and your loan is approved, your payment will be deferred to January 2018 pending receipt of the funds. **Important:** It is the student's responsibility to complete all loan arrangements by the date established by the Financial Aid Office or be prepared to pay for their Intersession balance by December 20, 2017. Information regarding loans for Intersession will be available in November.
- Participants will have until Friday, January 5, 2017 to drop Intersession courses to have the charges reversed from their account. **Students who drop out of the Intersession on or after Monday January 8, 2017 are liable for 100% of the charges.**

**For Intersession billing questions please contact the Student Accounts Office:**
