Exam Tips Before the Midterm Examination Period Begins

1. **DO NOT USE SOFTTEST FOR YOUR FALL EXAMS. IT IS NOT SUPPORTED BY THE EXAMSOFT.**
It is extremely important that you download and test the examination software “**Exemplify**” on your computer before you sit for your exams. This will help to significantly reduce any chance of you having a problem in the examination room. The test file recommended is named ExemplifyTest_2018-2019. **The passcode for ExemplifyTest_2018-2019 is 1234567. One of the best ways to test your computer is to type a paragraph in Exemplify, copy the paragraph and then rapidly paste it many times in succession. This will stress your computer beyond the typical typing speed. Also, allow you computer to run the test file for several hours (at least 3) as a duration test.** If you don’t have any problems, then you are successful. If you have a problem, please contact the Helpdesk in the Computer Resource Center, which is located on the second floor of the Rains Library.
2. Download ALL of your examination answer files as soon as they are ready. Don’t wait until the day of the exam as you will need an internet connect to download the examination answer files. We will notify you as soon as they are available for download.
3. To avoid missing important notices, you should check your LLS email daily during the examination period.

Good Luck!
