Exam Tips Before the Midterm Examination Period Begins

1. **DO NOT USE SOFTEST FOR YOUR FINAL EXAMS. IT IS NOT SUPPORTED BY THE EXAMSOFT.**
Before you sit for your exams., it is extremely important that you download and test the latest version of the examination software “**Exemplify**” on your computer. This will help to significantly reduce any chance of you having a problem in the examination room. The test file recommended is named ExemplifyTest_2018-2019. **The passcode for ExemplifyTest_2018-2019 is 1234567.**
2. **Two ways to best test your computer** is to type a paragraph in Exemplify, copy the paragraph and then rapidly paste it many times in succession. This will stress your computer beyond the typical typing speed. The other method is to leave it on for a few hours as a duration test. If you have a problem, contact the Helpdesk in the Computer Resource Center located on the second floor of the Rains Library.
3. Download your examination answer files as soon as they are ready. Don’t wait until the day of the exam as you will need an internet connect to download the examination answer files. We will notify you as soon as they are available for download.
4. If you are using Exemplify to complete a take home final examination, refer to the **Exemplify instructions for take home examinations.**
5. To avoid missing important notices, you should **check your LLS email daily** during the examination period.

Good Luck!
